2014 DHCA Rental Survey Results - COMING SOON

MONTGOMERY COUNTY RENTAL SURVEY

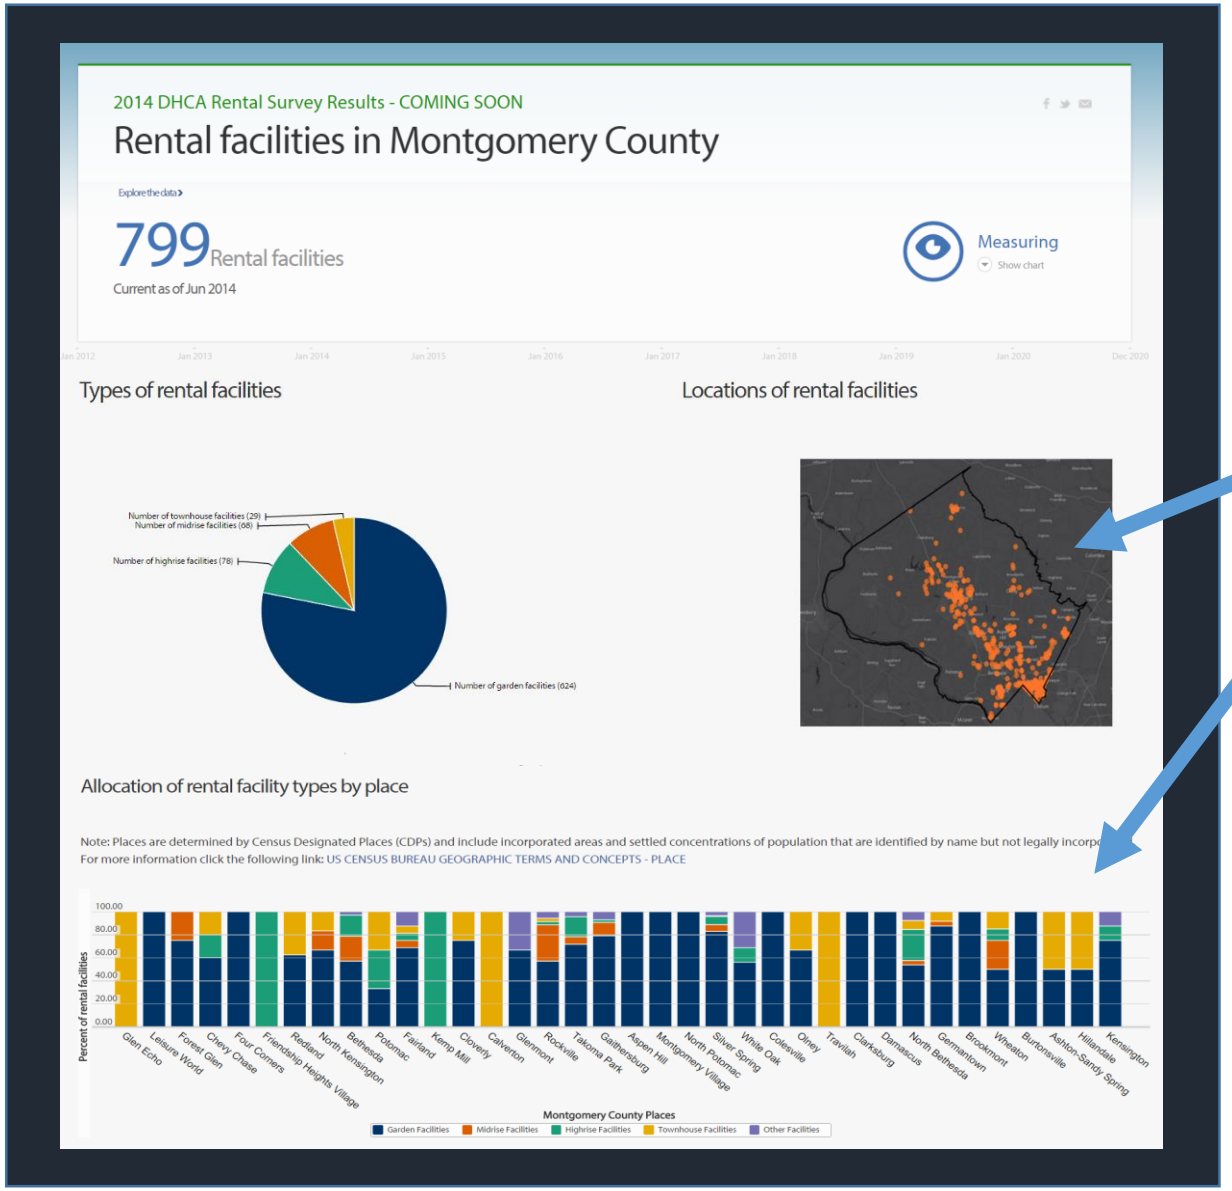
Annually, the Department of Housing and Community Affairs, Licensing and Registration unit surveys all Montgomery County multifamily rental facilities on tenant services, unit sizes, rent, occupancy and structure types. This report is based on information as of September 1, 2014 as reported by 799 facilities with 82,426 rental units. Facilities included are those located within Montgomery County's unincorporated areas as well as within the municipalities of Gaithersburg, Rockville and Takoma Park.

The 2014 DHCA Rental Survey Dashboard will show the following information:

1. Rental Facilities
2. Rental Units
3. Average Rent
4. Average Age of Facilities
5. Utilities and Amenities
6. Proximity to Metro Stations
7. Vacancy Rates
8. Turnover Rates
9. Turnover Rents

The 2015 DHCA Rental Survey Dashboard will contain additional information as the dashboard project expands.

DHCA Rental Survey Dashboard Example



The DHCA Rental Survey Dashboard shows the survey results in dynamic graphs and charts.

The dashboard will also include maps of the data.
